

Call for Papers and Symposia

NAREA 2010 Annual Meeting
June 13– 15, Atlantic City, New Jersey

The Northeast Agricultural and Resource Economics Association (NAREA) will hold its annual meeting in Atlantic City, NJ, June 13 – June 15, 2010. Detailed information is available at <http://www.narea.org/2010/>.

There will be two types of sessions at the annual meeting: Selected Papers and Symposia. Selected Paper sessions are an opportunity for individual NAREA members to share their current research. Symposium sessions allow members to organize a group of three or four papers on a specific area that is of interest to the membership. Papers and Symposia are invited in the following subject categories: Consumer, Environment, Marketing, Natural Resources, Trade, Rural/Regional Development, International Development, Policy, Innovation, Industrial Organization, Production/Management, Health and Nutrition, Other – Specify.

Call for Selected Paper Proposals: Please submit an extended abstract of no more than 500 words, plus a 50-word abstract for publication in the *Agricultural and Resource Economics Review*, through <http://www.narea.org/2010/>. The Selected Papers Committee will review abstracts in terms of problem statement, methods, and results. Individuals whose abstracts are selected will be notified no later than March 31, 2010. Final papers must be submitted to the Chair of the Selected Papers Committee no later than May 31, 2010. Individuals who do not submit a completed paper by June 1, 2010, will not have the abstract of their selected paper published in the *Agricultural and Resource Economics Review*. *Submission Deadline: February 1, 2010.*

Call for Symposium Proposals: The session proposal description and justification is to be submitted by the symposium coordinator. The justification should describe the strengths of the combined papers along with the addition the symposium would make to the conference. The names and email addresses of the individuals to submit papers to this session are also to be included. An automated invitation email will then be sent to the listed individuals, providing instructions on how they can submit abstracts for individual papers included in the symposium. Paper abstracts are to be submitted individually by each author. Individual paper submissions do not need to include any introductory material describing the symposium or a description of how the paper fits into the symposium. Symposium submissions will be reviewed jointly by reviewers as a complete package. As such, rejection and acceptance decisions will be made for the entire proposal rather than for any individual papers; however the program chair reserves the right to reject individual abstracts if deemed necessary. The order in which the individual abstracts and symposium proposal are received is not important for review. Individual papers may be submitted at any time before the submission deadline. *Submission Deadline: February 1, 2010.*

Submission questions can be directed to the paper selection chair, President-Elect Robert J. Johnston (rjohnston@clarku.edu). Questions about web submission can be directed to Jill Caviglia-Harris (jlcaviglia-harris@salisbury.edu). Questions related to conference location can be directed to arrangements coordinator Sanjib Bhuyan (bhuyan@aesop.rutgers.edu).
